

## Silicone

China Zhongyuan® Silicone oil with right price is specially used as a silicon stabilizer for polyurethane soft foams. The product gives excellent bubble adjustment performance, as well as high stability. Can be suitable for a wide range of foam densities. The recommended dosage is 0.5-0.8 (relative to the ratio of 100 parts of polyether). The product is soluble with polyether. The usual product code is L580.

As the professional manufacture, we would like to provide you Zhongyuan® Silicone. And we will offer you the best after-sale service and timely delivery. All of our products can be customized, so we can meet your requirements on sizes, materials and colors. We provide program guidance, drawing designs for free.

### Summary:

High quality Zhongyuan® Silicone oil with cheap price is specially used as a silicon stabilizer for polyurethane soft foams. The product gives excellent bubble adjustment performance, as well as high stability. Can be suitable for a wide range of foam densities. The recommended dosage is 0.5-0.8 (relative to the ratio of 100 parts of polyether). The product is soluble with polyether. The usual product code is L580

Our concentrate on should be to consolidate and enhance the quality and service of present products, meanwhile consistently produce new products to meet unique customers' demands for Cheapest Factory China Silicone Card Package Custom 3m Sticker Smart Wallet Mobile Card Holder, We are wanting ahead to setting up cooperative associations along with you. Please call us for more information and facts. Cheapest Factory China Silicone Card Package, Card Package, Since its foundation, the company keeps living up to the belief of "honest selling, best quality, people-orientation and benefits to customers." We are doing everything to supply our customers with best services and best merchandise. We promise that we are going to be responsible all the way to the end once our services begin.

"Based on domestic market and expand abroad business" is our enhancement strategy for Good Quality China Silicone, Striving hard to attain continual results according to quality, reliability, integrity, and complete understanding of current market dynamics.

Good Quality China Silicone, All our staffs believe that: Quality builds today and service creates

future. We know that good quality and the best service are the only way for us to achieve our customers and to achieve ourselves too. We welcome customers all over the world to contact us for future business relationships. Our products are the best. Once Selected, Perfect Forever!

### **Silicone Detail:**

- 1 surface activator performance is obvious, high efficiency foam stabilization
- 2 The widest tin handling space available in the low density formulation
- 3 maintain good air permeability and narrow density gradient
- 4 Highest performance of water/amine/silicone oil pre-mixed silicone surface activator

### **Silicone Applications :Industrial**

1. Suitable for polyether type flexible foam production on all types of foam production equipment, like streamline foaming equipment and box foaming process.
2. medium density flexible foam production.
3. low density flexible foam production.

### **Silicone Usage&Packing&**

Usage: Add into polyol and full mixing

Packing: 210 Kg /steel drum

Note: Store in a cool and dry place, if stored at a low temperature (10°C) for a long time.
